Forecast For Northwest England
Issued by Met Office Exeter
at 0400 on Saturday 02 Jan 2021

++ Valid for broadcast between 0600 and 1800

Headline:
Mostly dry and cold with wintry showers in the east.

Today:
A dry morning. Plenty of sunshine at first, but cloud gradually increasing. Wintry showers possible in the east and later south in the afternoon, with light snow cover possible. Colder than average for this time of year. Maximum temperature 3 deg C (37 deg F).

Tonight:
Mostly dry with clear spells in the west. Turning frosty, with a chance of icy patches. However, some wintry showers likely in the east and southeast. Minimum temperature -4 deg C (25 deg F).

Sunday:
Mostly dry and bright in the west, though some wintry showers possible, especially in the east. Not quite as cold as on Saturday. Maximum temperature 4 deg C (39 deg F).

Outlook for Monday to Wednesday:
Monday and Tuesday look rather cloudy and breezy with some wintry showers possible. Drier and brighter but cold with light winds on Wednesday.
